

- Security Solutions of America provides security solutions in **16** different states.
- **2,824** employees and rapidly growing.
- Consolidated the use of multiple platforms into one.

S&S Management DBA Security Solutions of America provides security solutions in different ways ranging from event security to remote guarding. A different enrollment firm was used in 2022 and only 30 applications were taken. A thoughtfully executed communication plan and benefit counselor training and support throughout the enrollment, resulted in 556 application (1,853% increase).

Challenge: Broker and Field team needed additional bandwidth for case management and communication support

SOLUTION AND RESULTS

- Replaced MetLife Dental and Vision with Aflac.
- Introduced NEW Aflac Group plans (Critical Illness and Hospital)
