Orthodontic Benefit

We will pay a benefit for the following Orthodontic services:

- Initial orthodontic examination;
- Initial placement of braces or appliances; and
- Continuing treatment for braces or appliances

We will pay an initial benefit for covered Orthodontic services related to the initial Orthodontic treatment, which consists of:

- a) diagnosis;
- b) evaluation;
- c) pre-care; and
- d) insertion of bands or appliances up to 25% of the maximum lifetime benefit.

After the payment for the initial orthodontic treatment, benefits for covered orthodontic services will be paid in equal monthly installments over the course of the remaining orthodontic treatment, up to 75% of the maximum lifetime benefit. The subsequent monthly payments will be made only if your dependent remains insured under the certificate and provides proof that the orthodontic treatment continues.

Orthodontic Benefit Limitations

- If orthodontic treatment continues after the maximum lifetime benefit has been paid, no further benefits will be paid.
- Orthodontic services must begin while the policy is in force. No payments will be made for orthodontic treatment if the appliances or bands are inserted prior to becoming insured except as provided in the takeover of existing coverage provision.
- We consider orthodontic treatment to be started on the date the bands or appliances are inserted. Any other orthodontic treatment that can be completed on the same day it is rendered is considered to be started and completed on the date the orthodontic treatment is rendered.
- Orthodontic Services does include treatment with clear aligners; covered at up to 100% of the Maximum Lifetime Benefit. Orthodontic Services for braces or appliances and Orthodontic Services for clear aligners are not payable for the same Insured Person

Maximum Carryover Benefit Limitations:

- Carryover Amount: \$250
- Threshold Limit: \$500
- Maximum Carryover Bank: \$1000
- This benefit allows insured plan members to carryover \$250 each calendar year, if:
 - An insured submits at least one qualifying claim for Preventive/Type A dental expense incurred during the calendar year and/or
 - At least one qualifying claim for any other class of dental services in excess of applicable deductible, co-pay fees, and
 - The total benefit amount paid stays below \$500 for that calendar year

Accidental Dental Injury:

The covered dental Injury is an injury to a Sound Natural Tooth, sustained while the Insured Person is insured under the Policy, and which is caused solely by a sudden violent act or accident which could not be predicted in advance or avoided. No Member coinsurance, and/or deductible, or waiting period will apply to services received as a result of the accident
